Dear Mr Keen

Coasting follow up letter

Thank you for your response to my January letter about your school meeting the 2017 coasting definition.

I am grateful for the information that you provided setting out the actions you have taken to bring about improvements at your school. I have now reviewed the information you have provided alongside your school's wider context, achievements and overall provision to pupils. It is clear that you are already providing pupils with the support they need to succeed.

I would like to take this opportunity to thank you once again for the comprehensive information you have provided – and importantly, for your continued work to ensure your young people get the best possible education.

I would appreciate it if you could please share this letter with your chair of governors.

Yours sincerely,

Vicky Beer CBE,

Regional Schools Commissioner, Lancashire and West Yorkshire
